

Every 4 years the Europe Region World Physiotherapy organises a conference dedicated to Physiotherapy Education and its impact on the profession.

This year you can be part of it without the need for the high expenses. If you are an educator, you can't miss the opportunity! Be a part of our education community.

Are you an educator? A manager? A physiotherapist who think it's important to discuss topics beyond the clinic walls? Join us for exactly such a meeting...

For the first time, **the European Region Congress will be held as an entirely online meeting** that will offer the physiotherapy community the possibility for educational exchanges and scientific news.

The online platform will be launched on the 11th of September 2020. It will have the same content as the in-person version and will be accredited for participation.

After the launch on 11th September, all presentations will be available for viewing via an on-line platform which will be visible to registered participants until the 31st of January 2021.

Question and Answer sessions: There will be the opportunity to put questions to presenters (**from 11th to the 18th September**) and to view the Q&A sessions with the Keynote speakers and Focused Symposia on the platform from **28th September** onwards.

This Congress will also be the first to have COVID-19 physiotherapy related research with 43 presentations

We are meeting and you can be a part of it! No travel expenses, no hassle.

We will discuss the important topics of:
Track 1 Diversity and Inclusion and Learning
Track 2 Practice Education
Track 3 Science in Physiotherapy
Track 4 COVID-19

Keynote speakers for the main tracks are:

- ❖ Track 1: **Simon Schnetzer**, Expert on generation Z intergenerational understanding
- ❖ Track 2: **Gail M. Jensen**, Dean, Graduate School and College of Professional Studies School of Pharmacy and Health Professions, Creighton University
- ❖ Track 3: **Deborah Falla**, Chair in Rehabilitation Science & Physiotherapy at the University of Birmingham, UK. Director of the Centre of Precision Rehabilitation for Spinal Pain
- ❖ Track 4: **Hans Kluge**, Director of WHO Europe

There are special and reduced rates for members of Member Organisations!

This is what our first online conference has to offer:

- Access to the online programme from 11th of September
- Access to the online platform until 31th of January 2021.
- On demand access to all sessions and presentations recordings. Create your own schedule and attend all the sessions whenever best suits you in any device.
- Give feedback. Send your questions directly to the presenters to exchange views.
- Join the discussion. Attend the Q&A sessions for the keynotes and focused symposia.
- Access all the e-posters presentations.
- Earn a certificate of attendance.

Don't miss the *Early Bird* registration deadline – 31st of July 2020
